4 CONTACT US

Black Block Industries is a leading manufacturer, fabricator and installer of Steel Structures and Roof Systems, founded in March 2013 by Stefan le Roux and Ricus le Roux.

Our influence and technological advantages provide our clients with products sourced to the highest standard in the construction industry. Staff members are committed, and teams are professional from business- to personal relations. We understand and interpret dreams from sketches into reality. Advanced technological tooling used on-site provide clients with top-quality installations.

ABOUT US

BBI Management sets time aside for weekly office/site meetings with our clients to discuss queries, challenges, changes & timelines.
